SEI-AN Stargazing Tea Rooms by Moriyuki Ochiai

Tea Ceremony House: - Constellation of Stargazing Tea Rooms - Moriyuki Ochiai Architects designed a cluster of tea rooms offering a view of the surrounding scenery and the starlit sky as an "tea house connecting people to the stars and nature" located in the town of Bisei, Okayama Prefecture, known as a sanctuary for stargazing. By merging together this newly formed belt of tea rooms with the idyllic hills, mountains and starry skies of Bisei, Their design team sought to realize a tea house that reshapes the town's panorama.
